AUTHORIZATION TO RELEASE AND DISCLOSE PATIENT INFORMATION

MN Epilepsy Group®

Signature (If signing for a minor patient, I hereby state that my parental rights have not been revoked by a court of law)

Date

Relationship of patient (if not patient)

NOTE: An adult patient (18 years or older) must authorize the release of their own information unless patient is incapacitated or deceased. Proof of guardianship/Durable POA/court order may be required.

Instructions for Completing Authorization to Release Health Information

Minnesota Epilepsy Group (MEG) recognizes the importance of patient confidentiality as well as the importance of coordinating care and treatment with other professionals, family, friends, and others involved in your care. Please review all items on this form and contact MEG with any questions concerning this form. Be sure to complete all sections of the form. **An incomplete form will delay processing!**

Patient Information: Complete the entire section which identifies clearly and legibly all the demographic information specific to the patient (individual who information is being requested for)

Check all that apply: Tell us if you want MEG to release documents, receive documents, and/or only exchange information verbally. You may check all 3 options.

Health Information to/from: Identify the full name, address, phone, fax and contact information of the individual or organization releasing or receiving information.

Information to Be Released/Received: This section gives us the instructions for what information you want shared. If you select "Routine Record Set" for hospital or clinic, we will disclose the documents that are specific to that patient care visit. This is typically what doctors' offices, hospitals or other health care providers need to provide information related to your care. If you select "any and all" records, your entire record will be provided for a specific visit date or all dates. It is very helpful if you identify the date or range of dates, needed by the requestor. If you don't indicate a specific date or date range, we will release one years' worth of records.

Release Instructions: This tells us how you would like your information delivered: by mail, fax or pick up. Note: please allow 7-10 business days for processing of the Release of Information. In some cases, it can take up to 30 days (Federal statute 45 CFR164.524(b)(2)(i)).

Purpose of Request: Please identify why you need a copy of your record. This helps us to track and assign a priority status to your request. It also informs us who may be responsible for the cost of records (where appropriate).

Authorization and Revocation: Signing this form (or having the legal guardian sign for a patient) will grant authorization to share/receive confidential information. Please sign and date this form to validate this authorization. If signed by someone other than the patient or parent of a minor child, you will be required to provide written proof of your authority such as guardianship papers, durable power of attorney or court orders. This is in accordance with MN statute 144.293 (Subd.2(1)). Unless otherwise noted this consent will automatically expire in one year from the date signed. The authorization can be revoked at your written direction to our organization.
